## Description

---

### Boat location: Wanssum / The Netherlands

VAT paid

97 pictures on our website [grandyachts.eu](http://grandyachts.eu) and in high-resolution upon request by mail

This 43 foot **Airon** brings you anywhere in Italian styled luxury and comfort and is equipped to the highest standards and has been kept in a superb condition thanks to her overenthusiastic owner that keeps her very well.

One of the unique features of this Airon Marine besides her electric operated sunroof is her integrated 8 persons settee/sun lounge and her engine room beneath which opens with the touch of a button.

*Also on this fully loaded example is her twin Volvo D6 IPS 500 system with joystick control, for super easy maneuvering, improved handling, better performance, and up to 30% lower diesel consumption!*

**She's well worth viewing!** Shipping worldwide.

### Helm position:

The comfortable helm position is found on starboard and the well-equipped helm ensures comfortable cruising even when circumstances are cold and wet.

Modern integrated gauges both analog and digital complete her stylish carbon fibre dashboard on which a bow-thruster, autopilot, radar, gps, chart plotter, VHF, searchlight, trim-tabs, wipers and anchor winch control can be found.

### Cockpit wet-bar:

On starboard just behind the helm seat a fully integrated wet-bar is found with a sink, water tap, refrigerator and an electric grill. The back of the helm seat can also be opened and functions as a

glass and bottle holder.

### Galley:

A modern galley with lots of cupboards, sink, hot and cold water mixer tap, dual-zone induction HOB, combi oven, grill, microwave, large fridge/freezer and a beautifully work top makes you feel at home, both space and comfort wise. In full reach of the galley the generator start-stop remote.

### Airconditioning:

The entire accommodation is air conditioned with two marine air conditioners.

You decide whether you want to **cool, heat or dehumidify**.

### Guest cabins:

In her aft the air conditioned VIP guest cabin is located with a twin berth that can be converted into a double with an infill. A third full size berth is found here as well, what makes a total of 5. This triple bedded guest room with plenty space for three and baggage, hanging lockers, double bed light lamps, mirror and good ventilation with in-hull placed portholes.

Nice overhead lighting, a TV and pretty large seat area completes this super cosy cabin. Of course you find an ensuite bathroom as well. A very well designed bathroom with a beautiful combination of glass, wood, chrome and wood. Also the Jabsco silent toilet wont wake you up at night.

### Owners cabin:

An ample sized full beam air conditioned owners cabin is found in her bow, a large French styled double bed accessible by two sides, lots of space and clothing cabinets. Modern large stainless portholes below deck-line gives you ventilation during heavy rain and ensure safe closure at bad sea weather.

Privacy 'en-suite' access to the well-equipped bathroom is of course another Airon Marine

standard.

### Bathroom:

The well-equipped bathroom has all common features as a Jabsco electric flush toilet, sink, hot and cold water mixing tap for both wash basin and shower compartment. A round glass design wash basin with chrome water tap look really stunning combined with the typical Italian woodwork.

### Cockpit and bathing platform:

The cockpit with electric sliding roof in the hardtop was designed by Airon Marine yachts for strength, air and lots of glass panels which provides a very extraordinary feeling. The outside galley houses exactly the appliances you would expect on a yacht of this caliber. On her stern you find settee that convert to a king size sun pad and a single stairs to the bathing platform. A hot and cold deck-shower and of course swim ladder is found on this example.

### Dimensions
