cushions Riding light Rubbing strake

Self-stowing Delta® anchor Stainless steel bow fairlead(s)

Stainless steel bow, spring and stern cleats
Stainless steel grab rail(s) on each transom wing

Stainless steel handrails
Stainless steel pulpit
Stainless steel pushpit
Stainless steel stemhead roller
Teak-laid bathing platform

Toughened glass curved windscreen

Transom gate from cockpit to integral bathing platform

Twin horns Water filler(s) Windscreen washers

Hullform And Construction

All gel coat and glass fibre hand laid with unidirectional, biaxial

and woven rovings

Antifouling protection to hull Deep 'V' forward; 18° deadrise aft

Designed by Bernard Olesinski and the Fairline design team

Full length moulded spray deflectors Hull/deck join bolted and bonded Integrally moulded engine bearers

Isophthalic gel coat backed by isophthalic resin-rich powder-

bound glass mat

The deck incorporates polyurethane foam cores for high

strength and excellent thermal insulation

The integral bathing platform gives the boat a longer waterline length for improved performance, particularly at reduced

power settings

The propellers are set in semi-tunnels enabling the engines to be located further aft, also reducing draught and improving

efficiency by reducing the shaft angle

Transverse and longitudinal strengthening stringers

throughout hull

Main Helm Position

12v socket

Adjustable/tilt steering wheel

Bilge pump switches with integral operating warning lights and

audible alarms

Bolstered helm seat(s)

Chart stowage

2/12

Chart table and light

Control panel for 12v/240v domestic electrical circuits

Controls for engine bay fi re extinguisher system

Echosounder and speedometer/distance log repeater(s) with

sea water temperature read out

Electronic single-lever throttle and gear controls for port and

starboard engines

Fuel gauges

Full engine instrumentation including; tachometers, oil

pressure gauges, temperature gauges, battery condition

indicators, audible alarms and engine hour meters

Helm position indicator

High speed magnetic compass

Hydraulic steering

Madrona finish instrument panel Opening side window (manual) Red night-light illumination to helm

Remote anchor winch controls

Searchlight controls

Switches for navigation and riding lights, windscreen wipers

and engine bay extractor fans

Extractor fan

Foundations® or Avonite® vanity unit locker and basin with

hot and cold pressurised water

Full set of bathroom fittings

Full standing height circular shower with rotating screen

Stainless steel opening porthole(s) with flyscreen

Worktop options

**Electrical Systems** 

All 240v, 24v and 12v circuits (where applicable) protected by circuit breakers with main electrical load control panel

Electrical sockets

Heavy duty circuit breakers

Isolating switches to all batteries

12 Volt

Batteries - 2 x 165Ah wired in parallel supplying domestic

services

Battery - 1 x 135Ah exclusively for port engine starting

Battery -  $1 \times 135$ Ah exclusively for starboard engine starting

Polarity check and earth leakage protection system

Power points throughout the boat (fed from shore power or

generator)

Regulated charger 50amp

Shore power supply

**Engines And Sterngear** 

Access through cockpit hatch

Aerodynamically designed engine air intakes

Automatic engine bay fi re extinguisher system with warnings at both helms

Automatic bilge pumps for forward bilge, engine bay and

rudder bay with manual 'on' override

Balanced rudders

Cathodic protection

Dripless shaft seals

Electric engine bay fan(s)

Electro-hydraulic trim tabs with cathodic protection

Engine bay lights

Engine room soundproofing

Exhaust overheat warning system

High capacity emergency manual bilge pump system with

changeover valves

Manganese bronze 'P' brackets

Manganese bronze propellers contra-rotating

Sea cocks on all inlets/outlets below waterline Stainless steel alloy shafts

Water cooled engine exhausts with silencers and side outlets

Fuel System

Changeover valve system to permit each engine to draw fuel from, and return fuel to, either tank

Emergency fuel shut-off valves accessible via cable-operated remote control

High capacity water separators and fuel fi Iters Individual fillers and vents to port and starboard Marine grade alloy fuel tanks  $\times$  2

#### Freshwater System

Automatic, pressurised supply Calorifier hot water system Water tank(s)

#### Gas

All gas burners fitted with flame failure protection devices Copper, polythene sheathed supply pipe Single tail feed with regulator and gas low system test meter Stowage for gas bottle in self-venting cockpit locker

#### **General information**

Make:	Fairline
Model:	Phantom 40
Year:	2004
Condition:	Used

#### **Engine**

Engine:	Volvo TAMD 63P, 370 hp
Engine type:	
Fuel type:	Diesel

#### Measurements

Length:	12.53 m (41.11 ft)
Beam:	3.95 m (12.96 ft)
Deep:	1 m (3.28 ft)
Weight:	17850 ()

#### **Accommodation**

Cabins:	0
Berths:	0
