## Description

---

**Boat location: Wanssum / The Netherlands (inside GrandYachts showroom)**

**VAT-Status: EU VAT paid.**

**65 pictures on our website grandyachts.eu and in high resolution upon request.**

This pocket sized VAT-paid beautiful and only 845 hours used **Prestige 36 yacht** just give you the feeling being onboard of a 50 foot yacht, after entering her trough hull boarding door the first impression standing on perfect teak decking is being on a yacht that's well ahead of others in her class. Heavy stainless clamps and a large sliding door give the extraordinary look and feel of comfort. A very nice detail from the cockpit are very wide and massive teak pieces of wood mounted on top of her pot lids.

Great condition.

### Works done:

- New antifouling
- Polished and balanced propellers
- Polished and balanced shafts
- New anodes
- New sound system
- New speakers on fly bridge
- New speakers in cockpit
- New wipers
- Polished and waxed hull + superstructure
- Engine service
- New set of fenders and lines
- Total check

### Saloon:

A crème leather upholstery with seating for 6 and a large saloon table

gives you that extra space when more than 2 guests spend their night on board.

An integrated bar is found on port-side and a newly installed sound system is also found on board.

A nice wooden floor complete this ample sized saloon and gives you comfort at offseason temperatures because of her coolant powered heating system.

### Helm position:

A very comfortable helm position is found on starboard with double seats in the same crème

leather and high gloss varnish as found throughout the yacht. This well-equipped helm

ensures comfortable cruising during cold and wet circumstances.

Modern VDO gauges both analog and digital, a MAX Power bow-thruster, Plastimo 105 offshore compass, Raymarine systems for safe and comfortable navigation.

### Galley:

A modern galley with lots of cupboards, stainless sink, hot and cold water mixer tap, microwave, large Isotherm fridge and a Corian composite work top makes you feel at home, both space and comfort wise. For cooking we find a brand new induction HOB and also a brand new microwave/grill/oven combination. A rigid non-carpeted galley floor ensures hygiene and easy cleaning when spilled during cooking or mixing tropical beverages.

### Guest cabin:

On starboard side just in front of the galley you find a twin bedded guest room with plenty

space for two and baggage. Hanging lockers, double bed light lamps, mirror and good

ventilation with in-hull placed portholes. The factory option for conversion to a double is present. Quite a nice place to stay for longer periods as guest.

### **Owners cabin:**

An ample sized owners cabin is found in her bow, a large French styled double bed with

access from both sides, lots of space and clothing cabinets. Double stainless portholes below

deck-line gives you ventilation during heavy rain and ensure safe closure at bad sea weather.

Privacy 'ensuite' access with double doors to the well-equipped bathroom is of course another Prestige standard.

### **Bathroom:**

A well-equipped bathroom is found on port-side and has all common features as electric

toilet, sink, hot and cold water mixing taps for both wash basin and shower compartment. A stainless styled wash basin comes standard for easy cleaning.

The shower is enclosed with a sliding plexiglass door to keep the bathroom dry while taking a shower.

### **Cockpit and bathing platform:**

A comfortable seat is normal on an open cockpit Flybridge yacht, with this Prestige you've just found one with the desired davits for a dinghy.

Well lighted built in top lights shine her cockpit

deck at night and the fully integrated staircase towards her fly bridge is there for your comfort.

Fly bridge: Just stunning! A good and well-designed fly to accommodate owner and guests for pleasure only. A feature I very much like is the backrest option that can be lowered to convert the entire seating to a sun pas area.

### **Engines:**

One of Volvo's best built engines, these highly reliable KAMD 300 engines will

only stop due to a lack of fuel. Nice detail is this example has only 845 engine hours.

Twin 300 hp and due to the Prestiges overall weight ratio very economical with only 8 litres

In total per hour at 8.5 knots.

Volvo's EDC shift controls levers take on every action you give them with reliability and precision.

A well kept maintained example of the Prestige shipyard sales hit, this 36 Fly will give you pleasure, comfort, space and reliability throughout the year without having to face the costs of a larger yacht.

This Prestige 36 comes in turn-key condition, ready for any season, viewing highly

recommended!

### **Engines, gearbox, hydraulics and controls:**

- 2 x Volvo Penta KAMD-300
- Only 845 hours
- 2 x 4 Blade Aquafoil nickel-alu-bronze propellers
- Digital electronic controls
- Bow thruster control
- Full hydraulic steering with power assist

### **Specifications:**
