2021 SeaVee 370z

Triple Mercury Verado 400s

This boat is in great condition and is the most highly customized SeaVee ever built, down to every last detail.

The SeaVee 370z represents the next level of thinking for design when it comes to center console fishing boats. More is possible and the 370z leads the way. Masterful engineering has resulted in a light-cored hull featuring twin steps for maximum speed and efficiency, plus 20% more deck space and storage capacity than any boat in its class. If multi-day trips to distant destinations are in your future, the 370z should be on your list.

The 370z makes the most of this hull design. Capable of planing at very low speeds, the 370z can comfortably cruise through the roughest seas and glide across tightly spaced waves at high speed.

Engines Have Extended Warranty until May 25, 2026
